Amine Blush Swab and Chip Screen Kits

Section 1. Chemical Product and Company Identification

		Part Number
Product Name:	Amine Blush Swab Screen Kit	590250
	Amine Blush Chip Screen Kit	590200

Manufacturer:

Abraxis LLC
54 Steamwhistle Drive
Warminster, PA 18974

Tel: (215) 357-3911
FAX: (215) 357-5232

Section 2. Composition, Information on Hazardous Ingredients

This product is a mixture of the substances listed below with the addition of non-hazardous materials.

Hazardous Components: (specific chemical identity)	**CAS- No.**	**% Concentration**	**Hazard Symbol**

This product contains no hazardous constituents, or the amounts/concentration of all chemical constituents are below the regulatory threshold limits described by OSHA Hazard Communication Standard 29 CFR 1910.1200, Canada Workplace Hazardous Materials Information System (WHMIS) and the European Directive 91/155/EEC, and 93/112/EC.

Section 3. Health Hazards Identification

Human Health Hazards: (acute and chronic)

Information pertaining to particular dangers for man and environment

When used and handles according to specifications, the product does not have harmful effects according to the information provided.

Section 4. First Aid Measures

Emergency/First Aid: Procedures

Ingestion: If swallowed, seek medical attention.

Inhalation: Seek medical attention if breathing becomes difficult or labored.

Eyes: Immediately rinse opened eye for at least 15 minutes under running water, lifting upper and lower eyelid occasionally. Remove contact lenses if able. Obtain medical attention imediately.

Skin: Wash skin with plenty of soap and water while removing contaminated clothing. Seek medical attention if irritation develops.

ABRAXIS

Section 5. Fire and Exlosion Hazard Data

Flash Point (Method used): N/A **Flammable Limits:** LEL-N/A UEL: N/A

Extinguishing Media: Use water spray, dry powder or carbon dioxide.

Protective Equipment: As in any fire firefighters should wear full protective equipment and self-contained breathing apparatus.

Unusual Fire and: Explosion Hazards Not determined.

Section 6. Accidental Release Measures

Personal Precautions: Put on appropriate personal protective clothing, gloves, and eye protection. Place contaminated materials in a chemical waste container.

Environmental Precautions: Prevent dispersion of material. Avoid discharge into drains or sewer, water courses or onto the ground.

Clean-up Methods: Absorb spill with inert material (e.g. vermiculite, san or earth), then place in suitable container. Clean up spill immediately.

Section 7. Handling and Storage

Handling: Wear appropriate personal protective equipment. Avoid contact with eyes, skin, and clothing. Protect against physical damage.

Storage: Store in a cool area, dry and well ventilated away from incompatible materials. Keep away from heat, sparks, flame, and incompatible materials.

Section 8. Exposure Controls, Personal Protection

Components with limit values that require monitoring: N/A

OSHA-PEL: N/A

Additional Information: Personal Protection listed below are general requirements for laboratory personnel. Follow the usual precautionary measures for handling chemicals/powder. Avoid contact with eyes, skin, and clothing. In the event of use above flash point, use in closed systems. Do not use compressed air by filling, discharging or handling the product. Provide adequate ventilation. Safety shower and eye bath. Use adequate general or local exhaust ventilation to keep airborne concentrations below the permissible exposure limits.

Protective Measures:

Respiratory	None required
Hands	Disposable vinyl gloves
Eyes	Recommended
Body	Lab coat

Section 9. Physical and Chemical Properties

Physical State:	Clear solution
Boling Point:	Not determined
Melting Point:	Not determined
Density:	Not determined
Solubility – Water	Soluble
pH	Not determined

Section 10. Stability and Reactivity

Stability:	Stable under recommended storage and handling conditions (sec. 7)
Incompatible Materials:	N/A
Hazardous Decomposition: Or Byproducts	N/A
Hazardous Polymerization:	Will not occur.
Conditions to Avoid:	Heat

Section 11. Toxicological Information

LD/LC50 values that are relevant: N/A

Carcinogenicity Classification:

IARC: Not applicable

NTP: Not applicable.

Irritant: No irritating effect known.
Sensitization: No sensitizing effect known.
Acute/Chronic Effects: No irritating effects known.

Section 12. Ecological Information

Ecotoxicity: Not determined.

Section 13. Disposal Considerations

Waste Disposal Non-hazardous waste. Dispose according to all federal (40 CFR 261.3), state, and local applicable regulations, and European catalogue, 94/3/CE and 75/442/CE.

Container Information: Containers should be cleaned by appropriate methods and then disposed of by landfill or incineration as appropriate.

Section 14. Transport Information

DOT:
Not regulated to Transport

Land Transport ADR/RID/TDG:
Not regulated for Transport

Maritime Transport IMDG:

Not regulated for transport

Marine Pollutant: Not determined.

Air Transport ICAO-TI and IATA-DGR:

Not regulated for transport.

Section 15. Regulatory Information

EU Regulation, Hazard Symbol(s):

Risk Phrases:

N/A

Safety Phrases:

N/A

Section 16. Other Information

MSDS first issued 05/03/2013

MSDS data revised NA

Revisions Highlighted Date of issue.

Notice to Reader
